| desking

desking.

Our collection of office desks offers a wide range of desktop shapes, functionality, finishes and accessories to help your workspace suit your exact needs.

Discover our desking range which includes a wide variety of desks to suit any office environment. Our desking range includes executive desking, open space and height adjustable ranges to suit either home or office workspaces.

We source our desks from leading industry suppliers to offer the best office desks on the market. We are both an environmentally aware and an environmentally sustainable company and will plant a tree for every desk we sell.

Komo desking

Komo is a highly flexible system with integrated cable management hidden neatly in its legs.

Metal to metal fixings allow for simple re-configuration, while elegantly curved tops complete with pearl nickel aluminium portals add that all important finishing touch.

take productivity to the next level with Leap sit-stand.

An effortless height-adjustable desk system featuring single and back-to-back desks in a wide range of sizes, shapes and finishes.

Leap sit-stand desks are electrically adjusted to sitting or standing height, helping reduce the risks and problems associated with prolonged sitting.

The range includes single, corner, K-top, and back-to-back desks, all controlled by programmable touch-sensitive controls, featuring anti-collision software.

Leap is WEEE certified and meets EN527, EN 527-1:2011 and EN 527-2:2016 including motor durability test.

Key Features

- 10-year guarantee
- Child lock
- Two powerful motors
- Scratch and heat resistant

Leap single

Leap single offers a stand-alone sit-stand desk solution, available as frame-only or with a range of tops.

Leap single desk frame can be expanded to accommodate tops from 1200 to 1800 mm in width, and is height-adjustable from 595 to 1245 mm using Leap's intuitive and programmable touch-sensitive controls.

the most environmentally friendly sit-stand desks available.

Strong, beautiful and sustainable, Bamboo is the go-to material for eco-friendly manufacturing.

If you are conscious of how your material choices affect climate change then, naturally, bamboo tops are a great investment for your business and the planet.

Our bamboo desktop doesn't just make a sustainable statement, it's beautiful too with unique grain striations and stunning edge detailing

Unlike our other sit-stand top options, Bamboo offers both the scallop and portal cable management options. The Bamboo desktop is both aesthetically pleasing and environmentally conscious, and comes with a 10-year guarantee too.

Bamboo tops are available to order on our Leap, Zoom and RoundE height-adjustable desk ranges.

Accessories

We supply a huge range of accessories for cable management and PC peripherals.

screens.

Simple solutions that provide the privacy and seclusion that you need.

We offer a range of office dividers, office privacy screens and other office desk screens to give yourself the perfect acoustic solution to a noisy office, the possibility of social distancing and the privacy that you need. Investing in an office partition or screen is the ideal fix, as it's a simple and effective way to create defined spaces that offer the opportunity for quiet concentration and privacy.

Ciunas screens

Ciunas screens are made from PET material which is manufactured from recycled material.

Ciunas is a desk mounted screen made in Ireland and manufactured from Acoustic panels. Not only do Ciunas screens give privacy to the desk user but they also provide an excellent acoustic solution to reduce noise in any office space. This dramatically improves the health and wellbeing of employees ensuring more focus and increased productivity.

Sustainability

We partner with the Global Climate Institute, where we plant a tree in Tanzania for every desk sold.

Why Tanzania?

The deforestation rate in Tanzania is amongst the highest in East Africa. For a country where the forests typically help fuel the national economy, this degradation has a dramatic impact on rural communities, causing major food insecurity.

Luckily, tree planting proves to be one of the most versatile and cost effective means to improve the quality of life for people living in impoverished areas, as the trees will provide decades of food, medicine, shade, firewood, carbon fixation, environmental enhancements, wildlife habitat and benefit the global climate.

Certification

Our sit-stand desk frames are now Global Green Tag certified.

LEAP SINGLE

LEAP BENCH

ZOOM

ROUND-E

Global Green Tag is one of the world's most robust, trusted and widely recognised ecolabels. The globally trusted certification standards are recognised worldwide.

Global GreenTag independently assures that every product is fitness tested and certified under one of their two leading certification programs that use the world's best scientific methods. That's why they have earned the reputation and trust of thousands of buyers, hundreds of companies and numerous green building councils, certification bodies and governments around the world.

Reuse and recycling of Waste Electrical and Electronic Equipment.

Edit Office is a registered Recolight member and WEEE certified for all sit-stand desks.

The WEEE Regulations purpose is to make sure Electronic and Electrical Equipment (EEE) is recycled; keeping this harmful waste stream from landfill. The regulations aim to improve the environmental performance of businesses that manufacture, supply, use, recycle and recover EEE. You may have obligations under the WEEE Regulations if you are a business which sells electrical or electronic equipment.

Working with recycling and logistic operators.

Recolight use Approved Authorised Treatment Facilities to recycle waste. This ensures that the waste is treated responsibly, maximising the amount of recycling that can be achieved and its impact on the environment.

We have full duty of care traceability – we know exactly where the waste we collect has come from, and how and where it gets recycled.

Recolight Members recognise that WEEE compliance is about more than just ticking a box and are actively committed to protecting the environment.
